

Final Cut Studio

SD/HD Editing

Editing - Final Cut Studio

This graphic room is based on a MAC G5 (Intel Xeon). For all your graphic demands we can make something what not only looks nice but also will feel nice. We can now edit in Final Cut Pro, finish in Motion & author in DVD Studio Pro. This combined editing/graphic room runs on the new Mac Pro.

Technical Information

- SD & HD projects
- Final Cut Pro
- Motion
- DVD Studio Pro
- Photoshop
- After Effects
